

Here are the views I have concerning the local TV stations in the Dallas, Texas area. Number one, there is too much foul language allowed. While the "F" word, GD & JC are cut, words like bast..., bit.. should be cut also. Number two, the local news is usually tilted to the liberal side just like the evening news on ABC, NBC & CBS. Number three, PBS should not be funded in any way with federal tax dollars. Ninety percent of their programming is liberal biased. Number four, free speech should not be wrapped up in filth--sexual agenda's should be left out of programming along with partial to brief nudity.
